I confirm that I am wearing \_\_\_\_\_ (description of jewellery item)

and that I cannot remove it/them to play basketball. In consideration of my being allowed to participate as a player in basketball played at NSBA, I:

- (i) Confirm that I am not wearing any other jewellery other than that disclosed above
- (ii) Confirm that the jewellery worn by me cannot easily be removed without damaging the jewellery item or causing injury to me.
- (iii) Acknowledge that NSBA and its officials, directors and management have cautioned me in relation to the risks of wearing jewellery items whilst playing basketball and I acknowledge that NSBA has requested that my jewellery be removed before I play basketball and that wearing the above increases the risk of injury to myself, and possibly others, and I accept that additional risk.
- (iv) Accept the need for and agree to the jewellery being covered with an appropriate and secure covering to reduce the possibility of any injury being caused to me, another player or an official.
- (v) NSBA staff being allowed to inspect and determine the adequacy of any protective covering for any jewellery and/or piercing that I wear which is not or will not be covered by my playing uniform and which cannot reasonably be removed and to assist me with any modifications deemed necessary by NSBA to such protective covering.
- (vi) Agree that the decision of NSBA staff as to the adequacy of the protective covering shall be final and binding on me. If NSBA determines that the protective covering is not sufficient for my safety or the safety of another player, I agree not to play the game until such time as NSBA determines I have made sufficient adjustments to the protective covering to meet the NSBA safety standards and I accept that if I am prevented from playing or am required to cease playing it is as a result of a determination that my safety and the safety of another player is compromised by me wearing the jewellery item;
- (vii) I agree to cover the above item with a protective covering, and always to keep such protective covering on while playing. If the protective covering comes off or becomes ineffective, I will immediately inform the person officiating the game, substitute myself off the court, re-attach the protective cover and submit the covering for the inspection of the referees and if required by NSBA staff. If the protective covering comes off twice in the game, I agree to cease playing for the remainder of the game.
- (viii) Acknowledge that NSBA and its officials, directors and management have taken all reasonable steps to minimise the risk of injury to me and other players and officials arising as a result of me playing whilst wearing jewellery.
- (ix) Acknowledge that any failure by me to disclose the existence of any other jewellery item (whether concealed by playing uniform or otherwise) or to follow the procedures set out herein could foreseeably result in injury or a claim for loss or damage to me or another player or NSBA official; and
- (x) Agree to release fully any other player, coach, official, NSBA, its directors, management and staff from and against any loss or claim that they may incur and for any injury, loss or damage suffered by me, and agree to indemnify fully any other player, coach, official, NSBA, its directors, management and staff from and against any loss or claim that they may incur and for any injury, loss or damage suffered caused to any other player or official as a result of me wearing the above item.
